

Course Title	Description	Length	Audience
Abuse and Neglect in Home Care and Hospice - 2015 (1100056) - 30 minutes	This course contains information on abuse and neglect in home care and hospice settings. It takes approximately 30 minutes to complete.	0:30:00	All clinical employees
Advance Directives in Home Care and Hospice (1060004) - 30 minutes	This program provides an overview of the regulations related to advanced directives and the requirements of home health and hospice clinicians to ensure the healthcare decisions of patients are respected and upheld.	0:30:00	Home Health and Hospice Clinicians
Advanced Pain Management in Home Care and Hospice: Assessment (1130010) - 45 minutes	This program provides an overview of strategies for effectively assessing pain in the home care and hospice setting.	0:45:00	Home Health and Hospice Clinicians
Advanced Pain Management in Home Care: Management (1140011) - 60 minutes	This program provides an overview of strategies to manage advanced pain in the home setting.	1:00:00	All Home Health Nurses and Therapists
Advanced Pain Management in Home Care: Pathophysiology (1140010) - 45 minutes	This program provides an overview of the pathophysiology of pain, with a focus on the mechanisms for pain transmission and how analgesics work to suppress the pain signal.	0:45:00	Home Health Clinicians
Advanced Pain Management in Hospice: Management (1150011) - 60 minutes	This program provides an overview of strategies to manage advanced pain at the end-of-life.	1:00:00	Hospice Nurses
Advanced Pain Management in Hospice: Pathophysiology (1150010) - 45 minutes	This program provides an overview of the pathophysiology of pain, with a focus on the mechanisms for pain transmission and how analgesics work to suppress the pain signal.	0:45:00	Hospice Clinicians

Course Title	Description	Length	Audience
Aide Services in Home Care and Hospice - Aide Inservice (1040012) - 60 minutes	This program is part of the Home Care Institute Aide Series and provides information on the aide's role as a member of the home care and hospice interdisciplinary team. The course also reviews Medicare coverage criteria for aide services.	1:00:00	Home Health, Hospice, and Private Duty Aides
Aide Services in Home Care and Hospice - Professional (1060007) - 30 minutes	This program provides information on the aide's role as a member of the home care and hospice interdisciplinary team. The course also reviews Medicare coverage criteria for aide services.	0:30:00	Home Health and Hospice Clinicians
Alere INRatio 2 - Providers Demo (1270002) - 30 minutes	Provides a demo of the Alere INRatio 2 PT/INR measuring device for use by nurses in the home health and hospice settings.	Self-Paced	Clinicians who use the Alere INRatio Monitor
Alzheimer's Disease and Related Dementias (1130005) - 60 minutes	This program provides information to support care of the patient with Alzheimer's disease in the home care and hospice setting. The course reviews pathophysiology, assessment, risk factors, and management strategies for people in various stages of dementia. Course Length: 60 minutes.	1:00:00	All home health and hospice clinicians
Are You Smarter Than a Surveyor? Home Health Edition (1070025) - 30 minutes	E-learning Game that focuses on the home health Conditions of Participation.	0:30:00	Home Health Clinicians, Home Health Managers and Leaders
Assisting Patients in Pain - Aide Inservice (1040007) - 60 minutes	This program is part of the Home Care Institute Aide Series and provides information on how pain develops in the body, the aide's role in observing for signs of pain, and actions aides can take to support patients who are in pain.	1:00:00	Home Health, Hospice, and Private Duty Aides

Course Title	Description	Length	Audience
Assisting Patients with Hearing Loss - Aide Inservice (1040049) - 60 minutes	This program is part of the Home Care Institute Aide Series and provides information on identifying patients who have hearing loss and effectively communicating with them to achieve care goals. Course Length: 60 minutes	1:00:00	Home health and hospice aides
Assisting Patients with Oxygen - Aide Inservice (1040008) - 60 minutes	This program is part of the Home Care Institute Aide Series and provides information on caring for patients receiving oxygen therapy in the home setting.	1:00:00	Home Health, Hospice, and Private Duty Aides
Assisting Patients with Vision Loss - Aide Inservice (1040051) 120 minutes	This program is part of the Home Care Institute Aide Series and provides information on vision loss and how aides can safely support patients who have vision loss.	2:00:00	
Body Mechanics in Home Care and Hospice - 2015 (1100057) - 30 minutes	This course contains information on body mechanics in home care and hospice environments. It takes approximately 30 minutes to complete.	0:30:00	All clinical employees
Building Trust (1220002) - 60 minutes	This program is part of the Home Care Institute Leadership Series and provides a scenario-based introduction into key actions leaders can take to build trust within their team.	1:00:00	All Leadership
Calculations and Conversions for Nurses (1060014) - 60 minutes	Provides and overview of dimensional analysis as a means of performing dosage and drip factor calculations in home care and hospice.	60 minutes	Home Health and Hospice Nurses
Calling 911 - Aide Inservice (1040006) - 60 minutes	This program is part of the Home Care Institute Aide Series and provides general information related to calling 9-1-1. The course focuses on emergencies that warrant a 9-1-1 call, how to make a 9-1-1 call, what to say to the 9-1-1 operator, and how to best support the victim during and after the call.	1:00:00	Home Health, Hospice, and Private Duty Aides

Course Title	Description	Length	Audience
Coding Basics in Home Care (1070004) - 60 minutes	This program reviews general principles and guidelines for selecting the best diagnoses to support the care received by patients in home care. This course is directed at home care clinicians who are responsible for selecting the patient's diagnoses and employees responsible for documenting the diagnoses within the OASIS assessment and billing claim.	1:00:00	Home Health Clinicians Home Health Administrative Employees Home Health Leadership
Coding Beyond the Basics in Home Care (1070010) - 90 minutes	This program reviews guidelines and conventions for documenting, reviewing and validating ICD-9-CM diagnosis codes for the home health Plan of Care and OASIS Comprehensive Assessment.	1:30:00	Home Health Administrative Employees Home Health Leadership Home Health Clinicians
Corporate Compliance in Home Care and Hospice - 2015 (1100058) - 30 minutes	This course contains information on corporate compliance in home care and hospice environments. It takes approximately 30 minutes to complete.	0:30:00	All Employees
Creating an Effective Home Health Plan of Care (1070007) - 30 minutes	This program provides guidelines for completing all locators of the 485 Plan of Care to justify reimbursement for home care services.	0:30:00	Home Health Clinicians
Cultural Diversity in Home Care and Hospice - 2015 (1120031) - 30 minutes	This course contains information on cultural diversity in home care and hospice environments. It takes approximately 30 minutes to complete.	0:30:00	All Employees
Documenting Incidents - Aide Inservice (1040011) - 60 minutes	This program is part of the Home Care Institute Aide Series and provides information on defining, identifying, documenting and reporting incidents in the home health and hospice setting.	1:00:00	Home Health, Hospice, and Private Duty Aides

Course Title	Description	Length	Audience
Documenting Incidents - Professional (1060006) - 30 minutes	This program provides information on defining, identifying, documenting and reporting incidents in the home health and hospice setting.	0:30:00	All Clinicians
Don't Let the Bed Bugs Bite - Aide Inservice (1040018) - 60 minutes	This program is part of the aide inservice series and provides guidelines on identifying, preventing, and managing bed bug infestations in the home setting.	1:00:00	Home Health, Hospice, and Private Duty Aides
Don't Let the Bed Bugs Bite - Professional Version (1180002) - 60 minutes	This program provides guidelines on identifying, preventing, and managing bed bug infestations in the home setting.	1:00:00	Home Health and Hospice Clinicians
Driving Safety in Home Care and Hospice - 2015 (1100059) - 45 minutes	This program reviews general safe driving practices with a focus on preventing emergencies, defensive driving, and measures clinicians should take to stay safe when driving in the community.	0:45:00	All clinical employees
Effective Communication in Home Care and Hospice - Aide Inservice (1040016) - 60 minutes (1040016)	This program is part of the Home Care Institute Aide Series and provides information on building effective communication skills to promote desired patient outcomes.	1:00:00	Home Health, Hospice, and Private Duty Aides
Effective Communication in Home Care and Hospice - Professional Staff (1060008) - 60 minutes (CE: 1, Nursing)	This program is part of the Home Care Institute Aide Series and provides information on building effective communication skills to promote desired patient outcomes.	1:00:00	Home Health and Hospice Clinicians
Effleurage Aromatherapy in Hospice (1080003) - 15 minutes	This course provides an overview of the use of effleurage aromatherapy as a comfort measure in hospice.	0:15:00	Hospice Aides Hospice Clinicians
Emergency Management in Home Care and Hospice - 2015 (1120032) - 30 minutes	This course contains information on emergency management in home care and hospice environments. It takes approximately 30 minutes to complete.	0:30:00	All Employees

Course Title	Description	Length	Audience
Ensuring Safety When Providing Personal Care - Aide Inservice (1040015) - 60 minutes	This program is part of the Home Care Institute Aide Series and provides information on supporting a safe environment when assisting patients with personal care.	1:00:00	Home Health, Hospice, and Private Duty Aides
Family of Compression Dressings - Profore, Profore Lite and Proguide (1060012) - 30 minutes	Training on the Smith & Nephew Multi-layer Compression Dressing Family for clinicians. The course includes video presentations on general compression therapy and guidelines for applying the Profore, Profore Lite and Proguide dressings (30 minutes). CEs are not provided for this course.	30 minutes	Clinicians who perform wound care
Fire Safety in Home Care and Hospice - 2015 (1120036) - 30 minutes	This course contains information on fire safety in home care and hospice settings. It takes approximately 30 minutes to complete.	0:30:00	All Employees
Fire Safety in Home Care and Hospice - Aide Inservice (1040021) - 60 minutes	This program is part of the Home Care Institute aide series and provides an overview of measures aides can take to prevent fires, respond to fires, and promote fire safety among their patients and co-workers.	1:00:00	Home health, hospice and private duty aides
Foot Care: Aide Inservice (1040022) - 60 minutes	This course is part of the Home Care Institute Aide Series and provides guidelines and best practices for assisting patients with foot disorders and providing effective foot care.	1:00:00	Home health, hospice and private duty aids
HIPAA: Protecting Patient Privacy - 2015 (1120033) - 45 minutes	This course contains information on protecting patient privacy in accordance with HIPAA. It takes approximately 45 minutes to complete.	0:45:00	All Employees

Course Title	Description	Length	Audience
Home Care Basics (1070008) - 60 minutes	Provides fundamental information and guidelines for providing care to patients in the home, including a brief history of home care as a unique specialty, an overview of the home care Prospective Payment System, and an introduction to the Medicare Coverage Criteria.	1:00:00	All Home Health Employees
Home Care Beyond the Basics (1070019) - 60 minutes	Provides an advanced overview of Medicare Home Care Coverage Criteria, with a focus on skilled services and documentation to support reimbursement.	1:00:00	All Home Health Employees
Home Care of the Patient with Advanced Heart Disease: Assessment (1140002) - 90 minutes	This program focuses on cardiac physical assessment and expected abnormalities common in patients with advanced heart disease and heart failure.	1:30:00	Home Health Clinicians
Home Care of the Patient with Advanced Heart Disease: Management (1140003) - 60 minutes	This program provides an overview of the management of patients with advanced heart disease in home care. The focus is on measures to promote a heart-healthy lifestyle, reduce risk factors for heart disease, effectively manage cardiovascular medications, control the extensive symptom burden, reduce acute care hospitalizations, and improve quality of life.	1:00:00	Home Health Clinicians
Home Care of the Patient with Advanced Heart Disease: Pathophysiology (1140001) - 45 minutes	This program provides an overview of the pathophysiology of heart disease, with a focus on the mechanisms that lead to the high symptom burden seen in patients with advanced heart failure.	0:45:00	Home Health Clinicians
Home Care of the Patient with Advanced Lung Disease: Management (1140008) - 60 minutes	This program provides an overview of evidence-based practice guidelines for managing patients with advanced lung disease in the home setting.	1:00:00	Home Health Clinicians

Course Title	Description	Length	Audience
Home Care of the Patient with Advanced Lung Disease: Pathophysiology and Assessment (1140007) - 60 minutes	This program provides an overview of the pathophysiology and assessment of the most common types of advanced lung disease managed in home care.	1:00:00	Home Health Clinicians
Home Care of the Patient with Diabetes: Pathophysiology (1140004) - 60 minutes	Provides an indepth overview of the pathophysiology of diabetes, including the types of diabetes, glucose metabolism, and complications of diabetes. Course length: 60 minutes.	1:00:00	All professional clinical employees in home health and hospice
Home Health Covered Services (1070005) - 60 minutes	Provides an overview of Medicare skilled and unskilled services, including skilled nursing services, rehabilitation services, medical social work services and home health aide services.	1:00:00	All Home Health Employees
Home Health Face-to-Face Encounter (1190003) - 30 minutes	This program provides a comprehensive overview of the regulation requiring a face-to-face encounter by a physician or non-physician practitioner for all Medicare fee-for-service patients receiving home care services.	0:30:00	Home Health Clinicians Home Health Administrative Employees Home Health Leadership
Hospice Basics (1200001) - 60 minutes	Provides an overview of the specialty of hospice, including historical perspectives, the Medicare Hospice Benefit, covered services, and general hospice practices and guidelines.	1:00:00	All Hospice Employees
Hospice Care of the Patient with Advanced Heart Disease: Assessment (1150006) - 90 minutes	This program focuses on cardiac physical assessment and expected abnormalities common in patients with advanced heart disease and heart failure.	1:30:00	Hospice Clinicians

Course Title	Description	Length	Audience
Hospice Care of the Patient with Advanced Heart Disease: Management (1150007) - 60 minutes	This program provides an overview of the management of patients with advanced heart failure at the end-of-life. The focus is on measures to support the extensive symptom burden present in this population, while promoting quality of life.	1:00:00	Hospice Clinicians
Hospice Care of the Patient with Advanced Heart Disease: Pathophysiology (1150005) - 45 minutes	This program provides an overview of the pathophysiology of heart disease, with a focus on the mechanisms that lead to the high symptom burden seen in patients with advanced heart failure.	0:45:00	Hospice Clinicians
Hospice Care of the Patient with Advanced Lung Disease: Management (1150009) - 60 minutes	This program provides an overview of evidence-based practice guidelines for managing patients with advanced lung disease at the end-of-life.	1:00:00	Hospice Clinicians
Hospice Care of the Patient with Advanced Lung Disease: Pathophysiology and Assessment (1150008) - 60 minutes	This program provides an overview of the pathophysiology and assessment of the most common types of advanced lung disease managed in home care.	1:00:00	Hospice Clinicians
Hospice Care of the Patient with Cancer: Common Types of Cancer (1150003) - 120 minutes	Second course in a three part series on Hospice Care of the Patient with Cancer, focusing on characteristics of the most common types of cancer managed in the hospice setting.	2:00:00	Hospice Clinicians
Hospice Care of the Patient with Cancer: Management (1150004) - 45 minutes	Provides best practices for hospice care of patients with the most common types of cancer. The focus is on effectively controlling the patient's symptom-burden.	0:45:00	Hospice Clinicians
Hospice Care of the Patient with Cancer: Pathophysiology (1150002) - 60 minutes	Provides an overview of the pathophysiology behind the most common types of cancer managed in hospice.	1:00:00	Hospice Clinicians

Course Title	Description	Length	Audience
Hospice Care of the Patient with End-Stage Renal Disease (1150001) - 90 minutes	Provides a comprehensive overview of end-of-life care of the patient with end-stage renal disease.	1:30:00	Hospice Clinicians
Hospice Conditions of Participation Part 1 (1200002) - 60 minutes	This program provides highlights of the Hospice Conditions of Participation that were updated in 2008, as well as what agencies need to do to maintain compliance. This course is part one of a two part series on the hospice conditions of participation. Part two focuses on Subpart D, Organizational Environment.	1:00:00	All Hospice Employees
Hospice Conditions of Participation Part 2 (1200006) - 60 minutes	This program provides highlights of the Hospice Conditions of Participation Part 2, Subpart D, Organizational Environment that were updated in 2008, as well as what agencies need to do to maintain compliance.	1:00:00	All Hospice Employees
Hospice Covered Services (1200004) - 45 minutes	Provides an overview of the core and non-core hospice services as specified in the Medicare Hospice Benefit Conditions of Participation.	0:45:00	All Hospice Employees
Hospice Face-to-Face Encounter (1200008) - 30 minutes	This program provides a comprehensive overview of the regulation requiring a face-to-face encounter by a hospice physician or hospice nurse practitioner for all patients receiving hospice services under the Medicare Hospice Benefit prior to the third and subsequent benefit periods.	0:30:00	All Hospice Employees
Hospice Item Set: Basics (1080013) - 60 minutes	This program provides general guidelines and conventions for completion of the Hospice Item Set as a mechanism for hospice agencies to capture and report on required quality measures. Course Length: 60 minutes.	1:00:00	Hospice Nurses

Course Title	Description	Length	Audience
Hospice Levels of Care (1200003) - 30 minutes	Provides an overview of the Four levels of care utilized in hospice to determine care and billing requirements.	0:30:00	All Hospice Employees
Infection Control for Non-Clinicians - 2015 (1030004) - 45 minutes	This course contains information on infection control for non-clinicians. It takes approximately 45 minutes to complete.	0:45:00	Non-clinical Employees
Infection Control in Home Care and Hospice - 2015 (1100060) - 60 minutes	This course contains information on infection control in home care and hospice environments. It takes approximately one hour to complete.	1:00:00	Home Care and Hospice Clinicians
Infection Control: Tuberculosis, HIV and Hepatitis - 2015 (1100061) - 60 minutes	This course contains information on infection control of tuberculosis, HIV, and hepatitis. It takes approximately one hour to complete.	1:00:00	Home Care and Hospice Clinicians
Influenza: Community Preparedness (1130008) - 30 minutes	This program provides an overview of influenza and how community-based employees can minimize spread and reduce mortality associated with influenza infection.	0:30:00	All Clinicians
Introduction to Spiritual Care in Hospice (1200007) - 30 minutes	This program provides a basic introduction to the hospice core service of spiritual counseling and the role of the hospice chaplain.	0:30:00	Hospice Clinicians
Leadership Basics in Home Care and Hospice (1220001) - 30 minutes	This program is part of the Home Care Institute Leadership Series and focuses on fundamentals and principles for effectively leading others.	0:30:00	All Leadership
Management of Lower Extremity Ulcers (1130003) - 60 minutes	Provides an overview of the most common causes of lower extremity ulcers, including venous ulcers, arterial ulcers and diabetic neuropathic ulcers	1:00:00	Nurses and Therapists
Management of Pressure Ulcers (1130002) - 60 minutes	Provides an overview of assessment and treatment strategies for patients with pressure ulcers.	1:00:00	All Clinicians

Course Title	Description	Length	Audience
Managing Your Time - Aide Inservice (1040050) - 60 minutes	This program is part of the Home Care Institute Aide Series and provides strategies for effectively managing daily patient and agency-specific responsibilities. The course is 60 minutes in length.	0:01:00	Home Health and Hospice Aides
Massachusetts - Medical Orders for Life-Sustaining Treatment (MOLST) (1230002) - 37 minutes	This course includes access to a video produced by the MOLST Massachusetts Collaboration Project that provides an overview of the Massachusetts Medical Orders for Life-Sustaining Treatment program. Video length is 37 minutes.	0:37:00	All Massachusetts Employees
Medicare Noncoverage and Change of Care Notices in Home Care (1070031) - 60 minutes	This program provides an overview of guidelines for issuing Medicare-required notices at the time of termination of home health services or when services are reduced outside of the initial plan of care. Course length - 60 minutes.	1:00:00	Home health clinicians
Medication Safety in Home Care and Hospice - 2015 (1100062) - 30 minutes	This course contains information on medication safety in home care and hospice environments. It takes approximately 30 minutes to complete.	0:30:00	
Microsoft Access 2007: Advanced (1320010) - 180 minutes	Provides an introductory overview of using Microsoft Access 2007 to develop and manage databases.	3:00:00	Persons who use Microsoft Access 2007
Microsoft Access 2007: Beginners (1320008) - 180 minutes	Provides an introductory overview of using Microsoft Access 2007 to develop and manage databases.	3:00:00	Persons who use Microsoft Access 2007
Microsoft Access 2007: Intermediate (1320009) - 180 minutes	Provides an introductory overview of using Microsoft Access 2007 to develop and manage databases.	3:00:00	Persons who use Microsoft Access 2007

Course Title	Description	Length	Audience
Microsoft Excel 2007: Beginners (1320005) - 180 minutes	Provides an introductory overview of using Microsoft Excel 2007, including an introduction to workbooks and worksheets, filling and formatting cells, page layouts and printing.	3:00:00	Employees who use Microsoft Excel 2007
Microsoft Excel 2007: Intermediate (1320006) - 180 minutes	Provides an intermediate overview of using Microsoft Excel 2007, including using formulas, sorting and filtering, using charts, using productivity tools, and working with graphics and hyperlinks.	3:00:00	Employees who use Microsoft Excel 2007
Microsoft Outlook 2007: Advanced (1320013) - 180 minutes	Provides an advanced overview of Microsoft Outlook 2007, including managing accounts, sharing files, using the journal, taking polls, and managing mobile and web access.	3:00:00	Users of Microsoft Outlook
Microsoft Outlook 2007: Beginners (1320011) - 180 minutes	Provides an introductory overview of using Microsoft Outlook to manage email, calendars and appointments.	3:00:00	Employees who use Microsoft Outlook
Microsoft Outlook 2007: Intermediate (1320012) - 180 minutes	Provides an intermediate overview of Microsoft Outlook 2007 with a focus on managing appointments, rules, tasks, notes, securing data, and delegating access.	3:00:00	Employees who use Microsoft Outlook
Microsoft PowerPoint 2007: Advanced (1320016) - 180 minutes	Provides an advanced overview of using Microsoft PowerPoint 2007.	3:00:00	Persons who use Microsoft PowerPoint 2007
Microsoft PowerPoint 2007: Beginners (1320014) - 180 minutes	Provides an introduction to using Microsoft PowerPoint 2007 for building presentation slides.	3:00:00	Persons who use Microsoft PowerPoint 2007
Microsoft PowerPoint 2007: Intermediate (1320015) - 180 minutes	Provides an intermediate overview of using Microsoft PowerPoint 2007.	3:00:00	Users of Microsoft PowerPoint

Course Title	Description	Length	Audience
Microsoft Word 2007: Advanced (1320004) - 180 minutes	Provides an intermediate overview of using Microsoft Word 2007, including working with images, objects and special text, inserting headers and footers, working with backgrounds, using review and proofreading functions, using comment and tracking functions, and working with windows and views.	3:00:00	Employees who use Microsoft Word 2007
Microsoft Word 2007: Beginners (1320002) - 180 minutes	Provides an introductory overview of using Microsoft Word 2007, including using the ribbon, creating documents, editing and formatting text, working with styles, and working with columns and tables.	3:00:00	Employees who use Microsoft Word 2007
Microsoft Word 2007: Intermediate (1320003) - 180 minutes	Provides an intermediate overview of using Microsoft Word 2007, including working with images, objects and special text, inserting headers and footers, working with backgrounds, using review and proofreading functions, using comment and tracking functions, and working with windows and views.	3:00:00	Employees who use Microsoft Word 2007
Nutrition Basics in Home Care and Hospice - Aide Inservice (1040019) - 60 minutes	This program is part of the Home Care Institute Aide series and provides general dietary guidelines so that aides can support the nutritional health of their patients.	1:00:00	Home Health, Hospice, and Private Duty Aides
OASIS-C1 Assessment and Coding of Wounds (1130009) - 60 minutes	Provides a review of standards related to documentation of wounds on the OASIS comprehensive assessment as well as guidelines for accurately coding the most common types of wounds managed in home care	1:00:00	Home Health RNs, PTs, OTs and SLPs/Home Health Leadership
OASIS-C1 Crossword Puzzle (1070028) - 30 minutes	Crossword puzzle to test your knowledge of the OASIS-C assessment.	0:30:00	Clinicians who perform OASIS-C assessments

Course Title	Description	Length	Audience
OASIS-C1 Practice Exam (1070027) - 90 minutes	Provides a 100-question competency exam to assess for OASIS-C proficiency. No CEs for this test.	1:30:00	Clinicians who perform OASIS-C assessments
OASIS-C1 Room by Room (1070016) - 60 minutes	This course provides details for completing an accurate OASIS-C comprehensive assessment while stressing the importance of using observation, assessment and demonstration techniques and the patient's environment to obtain the most accurate results. This course is scored as the data elements are completed. There is no separate post-test and no passing score. Completion requires that all rooms of the home are visited and all data elements are completed.	1:00:00	Home Health RNs, PTs, OTs and SLPs Home Health Leadership
OASIS-C: Beyond the Basics (1070003) - 120 minutes	This course provides item-by-item guidance for completion of the OASIS-C Comprehensive assessment, with support from the OASIS-C Guidance Manual and the OASIS-C Best Practice Manual.	2:00:00	Home Health RNs, PTs, OTs and SLPs Home Health Leadership
OASIS-C1 / ICD-9: Changed Items and Data Collection Resources	This webinar was presented by CMS on 9/3/2014 to review the upcoming changes to the OASIS-C1 item data set that goes into effect on January 1, 2015. Webinar Length = 94 minutes.	1:34:00	
OASIS-C1 Basics (1070014) - 60 minutes	Provides introductory guidelines for completion of the OASIS-C1 comprehensive assessment, including an overview of the purpose of the assessment, regulations and conventions associated with the assessment and the time points in which the assessment must be completed. Course length is 60 minutes.	1:00:00	Home Health RNs, PTs, OTs and SLPs Home Health Leadership

Course Title	Description	Length	Audience
OSHA Hazard Communication Standard (1120020) - 30 minutes	Includes a scenario-based review of the revised 2012 OSHA Hazard Communication Standard and each person's role in managing hazardous chemicals safely in the workplace.	0:30:00	All employees
Patient Rights in Home Care - 2015 (1070035) - 30 minutes	This course contains information on patient rights in the home care setting. It takes approximately 30 minutes to complete.	0:30:00	Home Health Clinicians
Patient Rights in Hospice - 2015 (1080014) - 30 minutes	This course contains information on patient rights in the hospice setting. It takes approximately 30 minutes to complete.	0:30:00	Hospice Clinicians
PHQ Depression Screening Training (1060011) - 60 minutes	Includes a link to an online course developed by Weill Cornell Medical College as part of the Mental Health Training Network on the PHQ questionnaire. The course requires registration in the vendor's site, completion of a post-test on the vendor's site, and an attestation of completion to provide course credit. Optional Continuing Education hours available for an additional charge from the vendor's site.	60 minutes	Clinicians who perform depression screenings
Physician Orders in Home Care (1070020) - 90 minutes	This program reviews general guidelines and fundamentals for documenting physician orders within the plan of care and as supplemental verbal orders.	1:30:00	All Home Health Clinicians Home Health Managers and QI staff Home Health Business Development
PPS Basics (1190001) - 60 minutes	This course provides an overview of the Medicare Prospective Payment System for home health care with a focus on the Four Equation Model.	1:00:00	All Home Health Employees

Course Title	Description	Length	Audience
Preventing Falls in the Home - Aide Inservice (1040020) - 60 minutes	This program is part of the Home Care Institute Aide Series and provides information on identifying the risk for falls, guidelines for preventing falls, and actions to take if a patient falls.	1:00:00	Home health and hospice aides
Preventing Falls in the Home: Overview (1130011) - 60 minutes	This program is part of the Home Care Institute Fall Prevention Program and provides information on identifying the risk for falls, guidelines for preventing falls, and actions to take if a patient falls.	1:00:00	Home health and hospice clinicians
